

FILTERED OR TAP WATER. A CHOICE YOUR CUSTOMERS WILL CLEARLY LOVE.

Two waterways. One spout. The ChoiceFlo™ filtering faucet is our latest example of smart innovation. You can now ditch bulky filters and water pitchers in favor of a single system that reduces common impurities. A simple turn of a side lever switches from tap to filtered water and back again. Plus it's easy to install and a snap to replace the filter. Come see what else we have on tap at moen.ca.
