

Wood is good. Canexel is better.

Canexel Pre-finished Siding offers you the rich look of natural wood with less maintenance.

Our heat-cured finish helps protect your siding from fading, peeling and warping caused by the elements — so your home will look beautiful for years. With 14 factory-finished colours to choose from, you're selecting a product that suits your taste. And our siding is backed by a 15-year finish and 25-year substrate limited warranty to put your mind at ease.

It's hard to imagine we've beaten Mother Nature at her own game. But we have.

For a free sample, contact marketing.center@lpcorp.com or call 888-820-0325. See limited warranty for complete details.
